A selection of the many services we offer our clients:

- Construction Services including: Cost Analysis, Estimating and Construction Specification.
- Complex project code compliance analysis
- Advanced data analysis and estimation processing
- Investor Representation
- Troubled Project Repair and Re-launch.
- Project Risk Analysis and Scheduling.
- Contract Work - we offer expert and experienced resources on a contract basis.

### ITER PROJECT SERVICES

**Blenheim Consulting has been present on the ITER site since 2018 and has been instrumental in many of the contracts awarded to the ENGIE Solutions group since then. Highlights include:**

#### TCC0

Initial estimation and successful awarding of the TCC0 contract to the TCC0 Consortium (ENDEL Engie, Ortec Group and ENGIE Axima).

This offer submission required extensive liaison between the entities that are not wholly owned by the same parent company.

#### TCC1&2

Managed the estimation work for ENGIE Axima, PBS31, PBS32, equipment installation and all helium leak testing work) as part of the ENGIE consortium (Endel, Ineo and Axima). Potentially successful tendering for TCC2 to be declared Q2, 2020.

#### TAC 1 & 2

Managed the supply of pricing for all VQC work to ENDEL for successful consortium bid for contract TAC2. Responsible for Helium Leak Testing liaison between Dynamic Consortium and ENGIE Axima.

#### F4E

Multiple contract applications that are currently ongoing in the field of advanced vacuum leak testing, hot helium leak testing and vacuum piping network prefabrication and installation.
